

KIT ECP-E : The kit contains 4 solid carbide endmills with serrated cutting edges for a combined rough and finish cutting. Excellent results especially on titanium, inconel, stainless steel and high temperature alloys.

Designation	d Range	Flute	d	Shank
KIT ECP-E3L 6-8-10-12C 90	6-8-10-12	3	12.00	C
KIT ECP-E3L 6-8-10-12W 90	6-8-10-12	3	12.00	W
KIT ECP-E4L 6-8-10-12C 90	6-8-10-12	4	12.00	C
KIT ECP-E4L 6-8-10-12W 90	6-8-10-12	4	12.00	W

Most recommended for machining stainless steel.
